DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 3-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Specifically, claims 3, 5, 7 and 8 recite the phrase “a prespecified method”, and since the claim is an apparatus claim, it is unclear to what method applicant is referring. Applicant may overcome this rejection by amending the claims to instead recite “a prespecified operation”.

Claims 4, 6 and 9-22 are rejected for being dependent upon a rejected base claim. Applicant may overcome this rejection by amending claims 3, 5, 7 and 8 as suggested above.

Allowable Subject Matter

3. Claims 1 and 2 are allowed.
